Projects

Medio – A Medium inspired single page web app built with Rails and React/Redux   **Live** / **Github**

- Leverages a RESTful JSON API with Story CRUD
- Integrates search feature that queries the database as user types using jQuery AJAX requests
- Remotely stores drag and drop file uploads in the cloud via AWS, reducing server load
- Utilizes Redux to conditionally render dropdown menus for seamless user experience

Minion Runner – An infinite run game built in JavaScript with a Minion theme   **Live** / **Github**

- Follows Object Oriented Design principles to separate game state and object rendering
- Utilizes HTML5 Canvas to draw and update visual elements during gameplay
- Applies event listeners using native DOM API for easy user interaction

Domingo.js – A JavaScript DOM interaction library inspired by jQuery   **Live** / **Github**

- Loads HTML elements in DOM Node Collection class to control DOM manipulation and event handling
- Includes AJAX functions using XMLHttpRequest Web API to fetch gifs requested by the user

Skills and Languages

Ruby, JavaScript, React.js, Git, HTML, Ruby on Rails, jQuery, Redux, SQL, CSS, Spanish, French

Experience

Al Día – Freelance Journalist, Philadelphia, PA   2016-2017
